

## Report On Incubation Drive

The Incubation Cell of Govindrao college of Engineering and Technology conducted **“Incubation Drive by QSpider in association with Internal Quality Assurance Cell (IQAC) GWCET, Nagpur”** 27/01/2022 at 4:00 PM for Final year students of College. The objective of Webinar is to provide an opportunity to the students to get trained and Placed by Training and Placement company Qspider/PySpider/Jspider.

The Speaker for **Incubation Drive by Qspider** was Mr.Girish Shivanna ,Founder and CEO of Qspiders / Jspiders & Test Yantra Software Solutions. QSpiders is a best-in-class learning solutions organization headquartered in India’s IT capital, Bangalore. They offer a wide range of courses in the area of software testing and are official partners of the ISTQB®.

The Session started at 4:00 pm on 27/1/2022 by Mr.Girish Shivanna with self-Introduction. After Brief Introduction about Qspider he discussed about government rule of CSR(Corporate Social Responsibility) activity .Under the CSR activity Qspider conducts the Incubation program at Colleges to provide opportunity to Students for Training and Placements.

The Resource person Mr.Girish Shivanna further discussed that at Spiders, they ensure training is imparted by specialists with proven subject matter expertise and who have spent over a decade in their area of specialization. He also added that faculty are highly competent, skilled and dedicated to giving their best towards the professional development of our students. Besides training, they also provide placement assistance to our students and most of the big corporates in the corporate world hire Qspider trained talent.

The Resource Person Mr.Girish Shivanna Further discussed about the process of Training and Placements followed by Qspider. It includes webinar, Aptitude Test, Group Discussion and HR Interview. He also discussed the technology on which Student will get trained and placed in Top Notch Companies.

# Govindrao Wanjari College of Engineering and Technology

148/49, Salai Godhani, Near Chikna Village, Nagpur

SESSION 2021-2022

The Incubation Drive was very opportunistic and motivating for Students. It provides a chance for Students to get trained by Technology Expertise. It also provides a chance for Final year students of GW CET to get placed in various IT firms across India.
