CAREER MENTOR, Nagpur**

**TOPIC: -Entrepreneurship Development.**

**Date: - 14/09/2017**

The guest lecture for the students of B.E. Mechanical Engineering was organized by department on 13/09/2017 at 12:30 pm for the students of Mechanical Engineering. At the beginning Prof. N. H. Chahande, HOD of Mechanical Department welcomed the guest faculty with a floral bouquet.

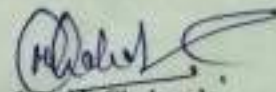

The guest lecture was organized on the topic, Carrier opportunities for mechanical engineer in the field of design. The speaker **Mr. Ashish Taywade, CAREER MENTOR, Nagpur** enlightened our students about Entrepreneurship. He motivated the student how to become a successful entrepreneur and how these qualities develop within themselves. The said guest lecture was very much fruitful for the students and also the presentation was very good.

All the faculties of the Mechanical department Prof. N. H. Chahande, Prof. R. M. Dahekar, Prof. D. K. Parve, Prof. V. S. Nikam, Prof. S. S. Bagaddeo, Prof. S. B. Gaikwad, Prof. A. L. Suradkar were present for the said lecture.

Mr. Santosh Varma, student of VII semester compeered the program while Mr. Tushar Ingle, student of V semester delivered the vote of thanks. Prof. V. S. Nikam, Forum Incharge, Mech-Trix, and all the office bearers of Mech-Trix worked hard to make this program a grand success. The program concluded at 01.30 pm.

**Report on Guest Lecture**

**Resource Person: - Mr. Aman Shukla,  
CAD/CAM Guru, Nagpur**

**TOPIC: - Hyperloop- A New Generation Transport System.**

**Date: - 02/02/2018**

The guest lecture for the students of B.E. Mechanical Engineering was organized by department on 31/01/2018 at 12:30 pm for the students of Mechanical Engineering. At the beginning Prof. N. H. Chahande, HOD of Mechanical Department welcomed the guest faculty with a floral bouquet.

The guest lecture was organized on the topic, Hyperloop (A New Transportation System). The speaker **Mr. Aman Shukla, CAD/CAM Guru, Nagpur** enlightened our students about the Hyperloop Techniques and further research going on this project. He gave the basic idea about this technique which will be used in future for transportation. The said guest lecture was very much fruitful for the students and also the presentation was very good.

All the faculties of the Mechanical department Prof. N. H. Chahande, Prof. R. M. Dahekar, Prof. D. K. Parve, Prof. V. S. Nikam, Prof. S. B. Gaikwad, Prof. A. L. Suradkar were present for the said lecture.

Mr. Rajat Rangari, student of VI semester compered the program while Mr. Sachin Munkar, student of VIII semester delivered the vote of thanks. Prof. R. M. Dahekar, Forum Incharge, Mech-Trix, and all the office bearers of Mech-Trix worked hard to make this program a grand success. The program concluded at 01.30 pm.

### APPRECIATION LETTER

To,

Mr. Aman Shukla,  
CAD-CAM Guru,  
Nagpur.

Respected Sir,

On behalf of the Govindrao Wanjari College of Engineering & Technology, Nagpur let me convey our sincere thanks to you for delivering a Guest Lecture for the students of Mechanical Engineering of GWCET on Topic, "Hyper loop – A New Generation Transportation System". We are also thankful to you for sharing your knowledge and experience regarding the topic which will definitely help our student.

We hope in future also we will get the same guidance.

Thanking You.

Yours Faithfully,

**Subject: - Permission for conducting the guest lecture.**

Respected sir,

With reference to the above mentioned subject, it is to inform you that, we have arranged a guest lecture for the students of mechanical engineering. The details are given below

Name of Speaker: - Mr. Gyanprakash Varma

Topic: - Advanced Manufacturing Techniques using Tool and Die design

Date: - 05/02/2018 Time: - 12:30pm to 01:30pm

Venue: - GWCET, Auditorium

Kindly, permit us for the same.

From,

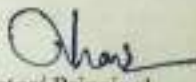

Prof. N. H. Chahande

**Date: - 07/02/2018**

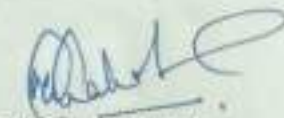

The guest lecture for the students of B.E. Mechanical Engineering was organized by department on 06/02/2018 at 12:30 pm for the students of Mechanical Engineering. At the beginning Prof. N. H. Chahande, HOD of Mechanical Department welcomed the guest faculty with a floral bouquet.

The guest lecture was organized on the topic, Industrial Robotics, Cloud Computing & Information Security. The speaker **Prof. Anil Tatote, Oberoi Centre of Excellence, Nagpur** enlightened our students about the scope and future of robotics and automation in Industry. They give idea about how automation will show its impact on the manufacturing industry. The said guest lecture was very much fruitful for the students and also the presentation was very good.

All the faculties of the Mechanical department Prof. N. H. Chahande, Prof. R. M. Dahekar, Prof. D. K. Parve, Prof. V. S. Nikam, Prof. S. B. Gaikwad, Prof. A. L. Suradkar were present for the said lecture.

Mr. Santosh Varma, student of VIII semester compered the program while Ms. Vanashree Ashtankar, student of VI semester delivered the vote of thanks. Prof. R. M. Dahekar, Forum Incharge, Mech-Trix, and all the office bearers of Mech-Trix worked hard to make this program a grand success. The program concluded at 01.30 pm.

**Resource Person: - Mr. Pravin Jadhav,  
Head, F6 Solutions, Nagpur**

**TOPIC: - CAD/CAM/CAE & Its Implementation in Industries.**

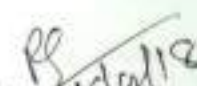

**Date: - 16/02/2018**

The guest lecture for the students of B.E. Mechanical Engineering was organized by department on 15/02/2018 at 12:30 pm for the students of Mechanical Engineering. At the beginning Prof. N. H. Chahande, HOD of Mechanical Department welcomed the guest faculty with a floral bouquet.

The guest lecture was organized on the topic, Implementation of Computer Aided Design, Manufacturing and Engineering in Industry. The speaker **Mr. Pravin Jadhav, Head, F6 Solutions, Nagpur** enlightened our students about the design and analysis software. The main focus of the guest lecture was to give how the CAD/CAM/CAE Tools were used in Industries for their manufacturing or production. The said guest lecture was very much fruitful for the students and also the presentation was very good.

All the faculties of the Mechanical department Prof. N. H. Chahande, Prof. R. M. Dahekar, Prof. D. K. Parve, Prof. V. S. Nikam, Prof. S. B. Gaikwad, Prof. A. L. Suradkar were present for the said lecture.

Mr. Geet Uikey, student of VIII semester compeered the program while Mr. Rajat Rangari, student of VI semester delivered the vote of thanks. Prof. R. M. Dahekar, Forum Incharge, Mech-Trix, and all the office bearers of Mech-Trix worked hard to make this program a grand success. The program concluded at 01.30 pm.

APPRECIATION LETTER

To,

Mr. Pravin Jadhav,  
Head  
F6 Solutions, Nagpur.

Respected Sir,

On behalf of the Govindrao Wanjari College of Engineering & Technology, Nagpur let me convey our sincere thanks to you for delivering a Guest Lecture for the students of Mechanical Engineering of GWCET on Topic, "CAD/CAM/CAE and its implementation in Industries". We are also thankful to you for sharing your knowledge and experience regarding the topic which will definitely help our student.

We hope in future also we will get the same guidance.

Thanking You,

Yours Faithfully,

**Date: - 10/03/2018**

The guest lecture for the students of B.E. Mechanical Engineering was organized by department on 08/03/2018 at 12:30 pm for the students of Mechanical Engineering. At the beginning Prof. N. H. Chahande, HOD of Mechanical Department welcomed the guest faculty with a floral bouquet.

The guest lecture was organized on the topic, Design & Analysis of Mechanical Tools by using CREO & ANSYS. The speaker **Mr. Khushal Bahadure, Design Faculty, THECHEKBOX Nagpur** enlightened our students about the design and analysis software. The main focus of the guest lecture was to give students how to apply software to solve different mechanical problem which were beneficial for their project building and carrier development. The said guest lecture was very much fruitful for the students and also the presentation was very good.

All the faculties of the Mechanical department Prof. N. H. Chahande, Prof. R. M. Dahekar, Prof. D. K. Parve, Prof. V. S. Nikam, Prof. S. B. Gaikwad, Prof. A. L. Suradkar were present for the said lecture.

Mr. Santosh Varma, student of VIII semester compeered the program while Mr. Sanket Kaware, student of VI semester delivered the vote of thanks. Prof. R. M. Dahekar, Forum Incharge, Mech-Trix, and all the office bearers of Mech-Trix worked hard to make this program a grand success. The program concluded at 01.30 pm.

APPRECIATION LETTER

To,

Mr. Kushal Bahadure,  
Design Faculty  
THE CHEKBOX, Nagpur.

Respected Sir,

On behalf of the Govindrao Wanjari College of Engineering & Technology, Nagpur let me convey our sincere thanks to you for delivering a Guest Lecture for the students of Mechanical Engineering of GW CET on Topic, "Design & Analysis of Mechanical Tools by using CREO & ANSYS". We are also thankful to you for sharing your knowledge and experience regarding the topic which will definitely help our student.

We hope in future also we will get the same guidance.

Thanking You,

Yours Faithfully,

To: gwcat.eeddept@gmail.com

Dear Sir,

Good Morning. Please refer our earlier communications regarding 3 days training program. The detail program schedule & Dates are given below and requested to confirm the same.

THREE DAYS TRAINING PROGRAM ON " POWER PLANT Engineering

The power (electricity) plays a very important role in the industrial as well as economical growth of the country. NPTI (WR), Nagpur is organizing seminar on "THREE DAYS TRAINING PROGRAM ON POWER PLANT Engineering" with the following objectives:

Objective: To create awareness on power Scenario & thermal power generation process to the students of various Engineering Colleges and Polytechnics with a view to have industry inter-action with the students.

**THREE DAYS TRAINING PROGRAM ON " POWER PLANT Engineering" at Govindrao Wanjari College of Engineering And Technology ( 2<sup>nd</sup> - 4<sup>th</sup> March., 2017)**

1<sup>st</sup> Day (2<sup>nd</sup> Mar., 2017)

000-1030 Hours -Registration & Inauguration  
1030-1300 Hours-- Power Scenario in India  
1300-1400 Hours -LUNCH BREAK  
1400-1700 Hours -Coal to Electricity

2<sup>nd</sup> Day: (3<sup>rd</sup> Mar., 2017)

1000-1300 Hours - Boiler & Steam Turbine and their Auxiliaries  
1300-1400 Hours - LUNCH BREAK  
1400-1700 Hours - Turbo Generator & its Auxiliaries

3<sup>rd</sup> Day: (4<sup>th</sup> Mar., 2017) @ NPTI, Nagpur.

1000-1300 Hours - 210MW Thermal power plant operation Simulator  
1300-1400 Hours- LUNCH BREAK  
1430-1440 Hours- Feedback & Valedictory

Fees: Rs. 115 (100+15% Service Tax) Demand Draft in favour of " NPTI(WR), Nagpur"

TRAINING PROGRAM ON "POWER PLANT ENGINEERING"

VENUE: AUDITORIUM, 2<sup>ND</sup> FLOOR

TIME: 10:30AM

A THREE DAY TRAINING WORKSHOP ON POWER PLANT ENGINEERING WAS ORGANIZED BY THE DEPARTMENT AND CONDUCTED BY NATIONAL POWER TRAINING INSTITUTE FROM 02/03/2017 TO 04/03/2017 .

THE POWER (ELECTRICITY) PLAYS A VERY IMPORTANT ROLE IN THE INDUSTRIAL AS WELL AS ECONOMICAL GROWTH OF THE COUNTRY. THE MAIN OBJECTIVE OF THIS WORKSHOP IS TO CREATE AWARENESS ON POWER SCENARIO AND THERMAL POWER GENERATION PROCESS TO THE STUDENTS OF VARIOUS ENGINEERING COLLEGES WITH A VIEW TO HAVE INDUSTRY INTERACTION WITH THE STUDENTS.

**1<sup>ST</sup> DAY:** REGISTRATION AND INAUGURATION : STUDENTS REGISTERED FOR PROGRAM AND INAUGURATION WAS DONE AT THE HANDS OF DIRECTOR ANBARASU DEVRAJ AND PREETAM SING IN PRESENCE OF DR. HEMANT SONARE, DIRECTOR, WANJARI GROUP OF INSTITUTIONS, PROF. M. S. MOTGHARE, PRINCIPAL.

AFTER INAUGURATION LECTURE WAS DELIVERED ON POWER SCENARIO IN INDIA AND COAL TO ELECTRICITY.

**2<sup>ND</sup> DAY:** LECTURE ON BOILER AND STEAM TURBINE AND THEIR AUXILIARIES AND TURBOGENERATOR AND ITS AUXILIARIES.

**3<sup>RD</sup> DAY:** ON 4<sup>TH</sup> MARCH 2017 @ NPTI, NAGPUR. A VISIT TO 210 MW THERMAL POWER PLANT OPERATION SIMULATOR AND FEEDBACK AND VALEDICTORY ALSO DONE.

STUDENTS GET BENEFITED THROUGH THIS WORKSHOP AND GOT THE CERTIFICATES ALSO.

54 students were present from "Electrical Department."

No. of participants: 35 (Participants are students of 4<sup>TH</sup> semester, 6<sup>TH</sup> Sem & 8<sup>TH</sup> Sem from COMPUTER SCIENCE & ENGINEERING at GWCET, NAGPUR)

Resource Person: Mr. Sahil Deshmukh (Sr. Programmer) Persistent System Pvt. Ltd. Nagpur

**Report**

A guest lecture on Building a career as a successful software developer started at 11:00 a.m. in the morning on Wednesday and the speaker was Mr. Sahil Deshmukh. He focused on following steps to become software developer

**What Is a Software Engineer?**

A software engineer is a technical specialist who uses concepts from mathematics and computer science to design, develop and test computer software systems and applications. The range of their work includes business productivity tools, such as word processors, spreadsheets and databases; along with Web content management systems, graphics editing programs, games, operating systems and programming languages. The devices for which they create include cell phones, magnetic resonance imaging (MRI) machines and computer systems at every scale from personal to mainframe. Design, development and testing may be applied to new software or toward adapting existing software to new hardware.

In the design phase, your duties would include consulting with clients about their needs and conferring with other engineers about implementation strategies. The development phase entails coordinating and supervising the work of programmers, engineers, technicians and any other members of the development team. You'll also test software, analyzing its performance and correcting bugs or adjusting its feature set.

### **Step 1: Earn a Bachelor's Degree in Software Engineering or Computer Science**

A bachelor's degree in software engineering would have the most relevance for your objective, but computer science programs will provide you with the necessary foundation as well. Bachelor's degrees are typically earned in four years.

The subject matter covered in both types of programs is similar. You learn digital logic, algorithm design, data structures, project planning and the sequential, structured approach to programming. However, each has a different orientation. Computer science programs place much emphasis on information processing theory as they do on practical applications of theory. Software engineering emphasizes the process of software development: analysis, design, implementation and validation.

### **Step 2: Participate in a Co-Op or Internship**

If your school hosts an internship or co-op program, you'll likely wish to take advantage of it. Apart from observing and participating in a real-world development project, you can make contacts that may be helpful after you graduate. Some computer science and software engineering programs include internships in their curricula.

### **Step 3: Obtain a Position as a Software Engineer**

Your employment options include computer systems design firms, computer services firms, software publishers, computer manufacturers, financial firms and insurance companies. You could also consider becoming an independent contractor. According to the U.S. Bureau of Labor Statistics (BLS), around 1.1 million software developers were employed as of 2014 ([www.bls.gov](http://www.bls.gov)).

### **Step 4: Pursue Continuing Education and Obtain Certification**

To keep your skills up to date, you could attend seminars and continuing education courses provided by colleges and computer industry organizations. The Computer Society of the Institute of Electronics and Electrical Engineers (IEEE) hosts conferences and networking events and also offers two certifications: the Certified Software Development Associate (CSDA) and the Certified Software Development Professional (CSDP).

CSDA certification is open to recent graduates of software engineering programs, bachelor's degree candidates in their final year of study and non-degree professionals with two or more years of programming experience. The certification exam tests your knowledge of software development, maintenance, management and support.

CSDP certification is open to any candidate who has 7,000 hours of software development experience and a bachelor's degree, CDSA certification or IEEE membership. The exam for this credential tests your knowledge in such areas as software requirements, design, construction methods, configuration and testing.

#### **Step 5: Earn a Master's Degree**

To acquire advanced skills, a higher salary and more seniority you might consider earning a Master of Science in Software Engineering. Master's degree programs provide further training in the use of systematic, quantifiable and cost-effective approaches to software development, and they give you more experience devising solutions that work across multiple hardware platforms. You also have the opportunity to deepen your expertise in at least one language and to hone your ability to write clearly and critically about novel issues in software development. Master's degree programs are typically completed in two years.

**2 Days Workshop on "Quadcopter"**

**Topic:**

2 Day Workshop on Quadcopter as a Qualification Round for ROBOFEAST 2015 QUADCOPTER CHAMPIONSHIP held by REVERT TECHNOLOGY PVT. LTD in association with IIT ROORKEE.

**Date of Event:** 25 & 26 Sept.2014, Thursday & Friday

**Time Duration:** Daily 10:00 Am to 05:00 Pm.

**Objectives:**

Provide Basic knowledge of designing QUADCOPTER, its essential components and programming microcontroller for Quadcopter.

**About the Lecture:**

Quadcopter is another embedded system application. The workshop deals with all design concepts for students. They enjoyed the technical workshop.

The instructors give the demonstration and short listed for the next round of ROBOFEAST.

Students were appreciated the way he covered each and every topic in detail and also cleared student's doubts on the same.

At last Students also presents their feedback about the workshop and also demanded more such workshops in near future.

Hello Sir / Ma'am,

Greetings from **EmbedGallery Electronics Services LLP Inc.** Our representative came to meet you regarding the robotics workshop. It was our pleasure meeting you. We are writing this email in the same regard to extend & maintain the communication.

"EmbedGallery Electronics Services LLP Inc." is a venture by group of passionate alumni from **College of Engineering, Pune (CoEP)** trying to spread awareness about robotics education in India. We aim at achieving this by conducting robotics workshops in institutes across the country which will motivate students to have a stellar career in Robotics.

Through these workshops we try to give them a deep insights and hands-on experience on different types of sensors, micro-controllers, motors, robot building and everything about robotics. We also update them with latest research in robotics field around the world during workshop. Please find the details about our robotics workshop & feedback from previous workshops in the attachment.

As of now, we have conducted numerous such workshops in various institutes across Maharashtra. We look forward to carry out this workshop at your institute for the benefit of students. The workshop will be highly student centric catering to a wide range of expectations. This will enable the students to perform better in mini projects and final year projects. They will be encouraged to publish technical literature adding value to their careers during the course of workshop.

As per our discussion with A.K. Tiwari ma'am (Head of Department E & TC) we want to conduct a seminar in your college to spread awareness about our Robotics Workshop. Kindly give us the permission to conduct the seminar. Awaiting your positive response. Thank you.

## What we are offering students through this workshop: -

- Basics of Robotics
- Introduction to different types of Sensors :-
  - Optical Sensor (LED & Photodiode)
  - Obstacle Detector (IR Sensor & TSOP)
  - Sound Sensor (Mic)
- Microcontrollers and their programming (PIC Microcontroller with Bootloader installed in it which enables programming via USB)
- Application of DC motors
- PCB Manufacturing

Each group will get all the required hardware at the start of the workshop. After learning all these hardware, we will teach students how to make a robot out of this so that at the end of the workshop, **each group will have their own robot** which they can take it with them. We will also update them with latest advancements in the field of Robotics thereby inspiring them to do research in the same as well as to have a great career in Robotics.

Workshop participation fees will be **Rs. 1200/- per student** (each group will consists of 3 students)
